This matter came up for hearing on 05.12.2019 when due to absence of appellant's counsel it was dismissed for non-prosecution. On the following date i.e. 30.01.2020 restoration application was fixed to which notices were ordered to be issued to respondents. However, no one turned up to make compliance of office objection so that the notices of the application could be issued. Even today yet again neither counsel for appellant nor any representative of appellant has appeared. There is no intimation either. In the circumstances, listed restoration application is dismissed for non-prosecution.
