Para-8 of Nazir report speaks that :-

“In above circumstances, the possession of subject matter plot 02-20 Acres (12100 sq. yards) piece of land out of the plot of land H-5-0 of admeasuring 05 (five) acres, open commercial land situated in sector 6-B KDA Scheme No.33, Karachi, was with the plaintiff. During the inspection the plaintiff snapped photographs of site; which were annexed with this report and marked as annexure P/1 to P/3.”

Admittedly possession of subject matter land is with the plaintiff and case of the plaintiff is that Mukhtiarkar who demolished one side of the boundary wall of the land hence they may be allowed to raise construction as their valuable chattels are available over the subject property.

Without prejudice to the merits of the case, plaintiff would be competent to raise / construct that wall as claimed by them, at their own costs. However legal character will be decided by this court on next hearing. Accordingly defendant shall file written statement within fifteen days. To come up on 17.11.2021. Till then interim orders shall continue.
