This petition is filed against concurrent findings of two forums below i.e. Single and Full Bench of NIRC and is pending since March 2022. Learned counsel for petitioner at the very outset was inquired that whether any jurisdictional defect has been pointed out in the petition, he has not been able to refer to any point that has been raised in the petition in that regard or during the course of his arguments. After availing statutory remedies before the two forums, filing of petition is not an automatic process of availing the remedy before this forum under article 199 of the Constitution unless a jurisdictional defect has been explained. It seems that the filing of this petition is misconceived against the concurrent findings of two forums and hence the same is dismissed in limine along with listed application.
