**ORDER.**

This order shall decide the captioned petitions as the issue involved in these petitions relates to the exercise of discretion for distributing BARDANA under the wheat procurement policy 2023-24 vide Notification No. SO(W)-7(31)/2023-24.

It appears from the record that several constitutional petitions have been filed alleging misuse of discretionary powers under the policy 2023-24 while distributing BARDANA to the growers. Initially petitioners raised their voices of concern alleging maladministration in distribution of BARDANA to some fictitious persons/traders having no agricultural land in the relevant areas to

please them for extraneous consideration. It is urged by the petitioner's side that a mafia in collusion with official respondents is active at the distribution centers. Small farmers are made to stand in lines to submit their applications, yet BARDANA is being distributed to the favorites upon political influence or to fictitious persons by manipulating records.

After arguing the matter at some length the parties present in Court agreed for disposal of the captioned petitions in the terms that the petitioners have received requisite BARDANA from the concerned official respondents upon the intervention of this Court, as such they do not wish to press these petitions as their purpose has been achieved.

The aforesaid stance has been endorsed by the learned Additional A.G, Sindh.

In view of the statement of the parties, these petitions are disposed of along with pending application(s) as not pressed.
